UNDERGROUND: travel on the yellow B-line towards the end station of Černý most and leave at Křižíkova station. Upon leaving the station, double-back on yourself and walk in the opposite direction to the escalator that you took up to the crossroads between Thámová a Křižíkova streets. Do not change direction and continue down Thámová street to the end, then turn left into Pernerova street. You will find the hotel about 200 yards on the left-hand side of this street.

TRAM: Leave at Křižíkova station and continue walking down the street in the same direction as the tram, then turn right into Thámová street. Do not change direction and continue to the end where you will then turn right into Pernerova street. You will find the hotel about 200 yards on the left-hand side of this street.
